Print of the Year 24/25	Future	Wed 7 May 2025		Print of the Year 24/25 - 12 May 2025

Active competitions will show a status of "Open". "Close Date" is the deadline for when submissions need to be made and the actual competition date is shown within the comment field.

A Status of "Future" is a planned competition, but you can't submit entries at this time. Competitions will usually be set to "Open" a few weeks in advance of the competition.

A Status of "Closed" means you can no longer submit entries, but the competition has not been held.

A Status of "Judged" means the competition has been held and you can go in a view the score. You can only do this for competitions you have participated in.

Before submitting images, please ensure your image conforms to the club rules as documented on the website.

If the image is too large PhotoEntry will reject the submission. PhotoEntry will accept smaller images but a warning message to let you know will be issued in case you want to resize to make the most of the projected image. If the image is way to small "eg you've uploaded a thumbnail image" then it will be rejected.

If images need to be resized there are instructions for doing this for the popular photo editing tools.

If you have uploaded images before the competition then you have the option to change them as long as the competition has not been to "Closed". Login and delete the entry you want to change, then upload the new entry. You can have a maximum of two images per competition. Any exception to this will be in the rules of that specific competition.
